

Technology is great...when it works! We now have a plan A, B, C, & D, should we have technical failure on the AngelCam or our FaceBook Live Video feed.

Plan A- If you usually watch service via the live stream and the Angel Cam is NOT being an angel, simply go to our website. At the top of our home page, center under COVID19 info you will see, "View recordings of our streamed services and children's resources on [HCLC's YouTube Channel](#) or on [HCLC's Facebook Videos](#)"

One click will take you directly to our Facebook videos. The video will not appear until it goes live, so you will need to wait until the service begins to watch. You do not need a Facebook account to watch the service from Facebook Live.

Plan B- If we are having issues with Facebook Live Video, jump onto the AngelCam via our website.

Plan C- If we have wide spread internet outage AND the AngelCam AND Facebook Live are down, we are all going to yell, "Get behind me Satan!" We then encourage you to join us at the noon Drive-In Worship/Worship On the Lawn. See the schedule on our website for availability and to sign-up.

Plan D- If there is severe weather AND Drive-In Worship/Worship On the Lawn is cancelled AND there is church wide technical failure, we will all laugh to avoid crying! Then we will record certain pieces of the service that we intended to stream. We will email the link to you as soon as we are able.
